Dear Court, United States District Court of Oregon

Please allow me 4 more weeks or more to adjust my claim and have it meet the standards to have it be accepted to be tried. I wrote numerous claims and I would like to hone in on one. Please allow me the opportunity, I also did not properly state my grounds for relief. I will fix this

My claim number is 6:24-cv-02117-YY

My Case was dismissed by Judge Karin J. Immergut.

Is the Motion for Leave to Amend Available can I have the option and file that?

I am Pro Se and my rights have been violated, I am seeking justice.

It was dismissed without prejudice. Do I just file the cases separately and what is the timeline?

What does that look like since I have a case number already?
